

The Prayer Ministry team will be highlighting some of the church's Ministries and associated prayer focus points.  
Please include these in your prayers.

## Care & Prayer Ministries

- Give thanks for our Christian brothers and sisters, our family.
- Pray that we can learn to be empathetic listeners, develop trust & grow closer as a family of God so that we feel safe sharing our trials, pains, sorrow & joys.
- Pray that our eyes will be open to caring for those needing care and to focus on those whose lives are held hostage by physical and mental illness.
- Pray that we can see the struggles of our brothers and sisters and that we will be there when they need us.
- Pray for each member of our congregation, especially remembering our newer members, and our guests.
- Pray that we will be strong and resist the devil.
- Pray that we will love one another.
- Pray that we will love the lost.
- Pray that we will be dedicated students of God's Word and disciples of Christ.
